Annual Report of  
SCHEDULE: 32

VAUGHNSVILLE TELEPHONE CO.

Year Ended December 31, 20 01

SCHEDULE 32: Service Connection Assistance

EXPLANATION OF SCA ANNUAL REPORTING FORM FIELDS

- A, 1-3 - Refers to the number of SCA customers at the end of the fiscal year, as distinguished by the class of service the customers were receiving, i.e., flat, message, or measured rate service.
- A, 4 - The total of A1 + A2 + A3.
- B, 1-3 - Refers to the number of SCA customers that were added to the program during the relevant fiscal year, as distinguished by the class of service. These numbers may actually be greater than the difference between consecutive year's respective totals. For instance, if there were 20 flat rate SCA customers at the end of FY92, and 25 flat rate SCA customers at the end of FY93, but 3 flat rate SCA customers left the program during FY93, then the number of new program participants would be 8, not 5.
- B, 4 - The total of B1 + B2 + B3.
- C-G, 1-3 - Refers to the number of SCA customers at the end of the fiscal year, as distinguished by the specific assistance program which qualified the customer for SCA, and further divided by the particular class of service.
- C-G, 4 - The respective totals for C thru G, 1 + 2 + 3.
- H-K, 1-3 - Refers to the percentage of SCA customers utilizing the respective optional features, as distinguished by the class of service the customer is receiving. These percentages may be calculated at the end of the fiscal year, as opposed to monitoring any changes during the course of the 12 month period.
- H-K, 4 - THESE FIELDS SHOULD NOT ACTUALLY REFLECT TOTALS. Rather, they should reflect the respective percentages of utilization of each optional feature, expressed as a factor of all TSA customers, disregarding class of service distinctions.
- L, 1-3 - Refers to the number of SCA customers involuntarily disconnected for non-payment during the course of the relevant fiscal year, as distinguished by the class of service.
- L, 4 - The total of L1 + L2 + L3.
- M, 1-3 - Refers to the average dollar amount of SCA customers' monthly local charges for the relevant year, as distinguished by the class of service.
- M, 4 - Refers to the average dollar amount of SCA customers' monthly local charges for the relevant fiscal year, disregarding class of service distinctions.
- N, 1-3 - Refers to the average dollar amount of SCA customers' monthly toll charges, including intra and interLATA toll, for the relevant fiscal year, as distinguished by the class of service.
- N, 4 - Refers to the average dollar amount of SCA customers' monthly toll charges, including intra and interLATA toll, for the relevant fiscal year, disregarding class of service distinctions.
- O, 1-3 - Refers to the average dollar amount of service connection charges that are waived for SCA customers during the relevant fiscal year, as distinguished by the class of service.
- O, 4 - Refers to the average dollar amount of service connection charges that are waived for all SCA customers during the relevant fiscal year, disregarding class of service distinctions.
- P, 1-3 - Refers to the average dollar amount of deposits waived for SCA customers during the relevant fiscal year, as distinguished by the class of service.
- P, 4 - Refers to the average dollar amount of deposits that are waived for all SCA customers during the relevant fiscal year, disregarding class of service distinctions.
- Q, 1-3 - Refers to the amount of the Subscriber Line Charge assessed by the company. This dollar amount will be the same for every class of service.
- Q, 4 - THIS FIELD SHOULD NOT ACTUALLY REFLECT A TOTAL AND MAY, IN FACT, BE DISREGARDED.
- R, 1-3&4 - Like Q, the answer to this field will be the same for 1 thru 4, and will be equal to:  

$$(O + P) \div Q$$

## Instructions:

- Revenue billed on behalf of other entities should not be included on this schedule if the company does not include this revenue in its determination of taxable gross receipts for Ohio gross receipts tax purposes. If, however, the local exchange company includes revenue billed on behalf of other entities in its taxable gross receipts, such revenue should then be included on this schedule.
- "Earnings or receipts from sales to other public utilities for resale" includes, but is not limited to, carrier access charges paid to the company.
