Verification Oath	28

1. 1. The word "Respondent" in the following inquiries means the person, firm, association, or company in whose behalf the report is made.

2. 2. The schedules and questions contained in this report were developed to be generally applicable to all heating and cooling, pipeline and water transportation companies. All instructions shall be followed and each question answered as fully and accurately as possible. Sufficient answer shall appear to show that no schedule, question, or line item has been overlooked. If a particular line item or schedule does not apply to the respondent, indicate this by answering "none", "-0-", or "not applicable", as

appropriate, where it truly and completely states the fact.
3. 3. If answers to an inquiry are given elsewhere in the report, incorporation of information by reference is sufficient.
4. 4. Customary abbreviations may be used except that the exact name of the respondent shall be shown in full on the "Title Page" and in the "Verification" page.
5. 5. Where the space provided is insufficient for the required data or it is necessary or desirable to insert additional statements or schedules, the insert pages shall show the number and title of the schedule to which it pertains, as well as the name of the respondent and the year covered, and shall be on 8 1/2" x 11" durable paper.
6. 6. The information required with respect to any statement furnished is the minimum requirement. The respondent may add such further material information as is necessary to ensure that the required statements are not misleading.
7. 7. All copies filed with the Commission must be legible and permanent. All entries shall be made in permanent ink or by a typewriter. Items of a reverse or contrary character shall be enclosed in parentheses, or indicated by a minus sign followed by the amount.
8. 8. Amounts on any schedule (except as otherwise provided therein), may, at the option of the respondent, be rounded off to whole dollars provided that amounts are appropriately adjusted to agree with the rounded total.
9. 9. The annual report shall be signed by a duly elected officer of the respondent and it shall be notarized.
10. 10. The information required in this report, unless otherwise indicated, is to be reported for the entire company and not for the State of Ohio only.

1. 10. Totals should be provided as indicated. The respondent shall ensure that schedule totals and subtotals are mathematically correct.
2. 12. If a line item is supported by a detailed schedule elsewhere in this report, the respondent should ensure that the detailed schedule is completed and that the amounts on both schedules match.

1. 1. Exact name of company making this report.
2. 2. Date of organization
3. 3. Under the laws of what Government, State of Territory organized? If more than one, name
all.

4. 4. If a consolidated or merged company, name all constituent and all merged companies.
5. 5. Date and authority for each consolidation and each merger.
6. 6. State whether respondent is a corporation, a joint stock association, a firm or partnership, or an individual.
7. 7. If a reorganized company, given name of original corporation, refer to laws under which it

was organized, and state the occasion for the reorganization.

8. 8. State wether or not, the respondent during the year conducted any part of its business under a name, or names, other than shown, in response to inquiry No. 1. If so, give full particulars.
9. 9. Where are the books and records of the company kept?
10. 10. Name below all classes of public service furnished by the respondent.

1. 1. State whether respondent is a corporation, a joint stock association, a firm or partnership, or an individual.
2. 2. Date when operations began.
3. 3. If a consolidated or merged company, give names of each such incident, date, and Commission authority. If a reorganized company, give name of original corporation.
□.4. If incorporated specify (a) Date of filing articles of incorporation,
□.(b) State in which incorporated,
4. 5. Commission Case Number granting operating authority and date issued.
5. 6. State whether or not the respondent during the year conducted any part of its business under a name or names other than that shown Title Page; if so, give full particulars.
6. 7. Description of general service territory.
7. 8. List all affiliated companies with whom the respondent does business and their relationship to the respondent. If respondent is a partnership, provide this information for each partner. (Use separate page(s) if needed). State whether the affiliate is (a) a regulated public utility or, (b) a publicly held corporation.
□.9. Did any corporation or corporations, telephone or other, hold control over the respondent at the close of the year? If control was so held, state:
□.a. The name and address of the controlling corporation or corporations.
□.b. The form of control, whether sole or joint.
□.c. The extent of control.
□.d. Whether control was direct or indirect.
□.e. If indirect, the name and address of the intermediary through which control was established.

10. Did any individual, association, or corporation hold control, as trustee, over the respondent at the close of the year? If control was so held, state:

□.a. The name and address of the trustee.
□.b. The name and address of the beneficiary or beneficiaries for whom the trust was maintained, if available.

11. Did the respondent hold control over other corporations at the close of the year? If so, state:

Annual Report of _____ Year Ended December 31, 2013

HISTORY

1. Exact name of company making this report. YOUNGSTOWN THERMAL COOLING, LLC

2. Date of organization SEPTEMBER 9, 2002

3. Under the laws of what Government, State of Territory organized? If more than one, name all.
OHIO

Subject: Can your company support CHP & WHP by signing this POWER Act letter?

From: Tom Bullock (tom.netohio@gmail.com)

To: carl.avers@yahoo.com;

Date: Monday, May 11, 2015 2:35 PM

Mr. Avers:

Can your company lend its name to this joint letter of support (text below) for the POWER Act, which would improve the federal investment tax credit (ITC) for both combined heat and power (CHP) and waste heat to power (WHP)? This is the same legislation on which we worked together last year, now to be reintroduced in the new year.

2015 Legislative Update: Very soon, Senator Susan Collins (R-ME) and Representative Tom Reed (R-NY) plan to reintroduce the POWER Act, and several Ohio Members of Congress are likely to cosponsor the legislation on the day it's introduced.

By co-signing this endorsement letter (below), your company can help attract support from even more Ohio Members of Congress and improve this legislation's chance of becoming law. We will send identical copies of the attached letter (formatted for each recipient) to several Ohio Members of Congress:

If you would like to co-sign, please reply with the following information:

- Your Name
- Company Name
- Email address
- Headquarters location (city, state)
- Other locations where you do business (both in this state and others)
- Brief description of what your company does with combined heat and power or waste heat to power (in 3rd person), e.g., "[Company Name] installs combined heat and power and waste heat to power systems for industrial, commercial, and residential customers."

It's always great to collaborate. I'll call to follow up on this email and answer any questions.

Sincerely,

Tom

TEXT OF POWER ACT SUPPORT LETTER WE ARE INVITING YOUR COMPANY TO SIGN

(Month XX, 2015)

SEPARATE BUT IDENTICAL LETTERS WILL GO TO THE HOUSE AND SENATE MEMBERS IN YOUR STATE:

(The Honorable XX)

United States Senator

(Building and Office Number)

Washington, D.C. 20510

(The Honorable XX)

Member of Congress

(Building and Office Number)

Washington, D.C. 20515

Dear Senator XX/ Representative XX:

As providers and end users of combined heat and power and waste heat to power systems, we are

writing to urge your co-sponsorship of bipartisan legislation introduced by Senator Susan Collins/ Representative Tom Reed. S. XXX/ H.R. XXXX, the Power Efficiency and Resiliency (POWER) Act, would amend Section 48 of the tax code relating to the Investment Tax Credit (ITC) to provide parity for industrial energy efficiency compared with other energy technologies.

Industrial energy efficiency technologies like combined heat and power (CHP) and waste heat to power (WHP) harness wasted heat and use it to generate electricity or heat and cool buildings. These technologies help manufacturers and other large energy users reduce their energy consumption, save money, and improve resiliency against power outages. Unfortunately, the initial capital cost of these projects is often a barrier to projects moving forward – but the ITC can reduce the timeframe for recovering these expenses. The POWER Act would make the following modest changes to the existing ITC to improve its effectiveness and allow more end users to take advantage of these technologies:

- **Increase the credit from 10 percent to 30 percent**. Some energy technologies, such as solar, currently receive a 30 percent ITC, but combined heat and power is only eligible for 10 percent. Raising the level of the credit would establish parity among all ITC-eligible technologies, giving end users more choices and flexibility.

- **Make waste heat to power eligible for the credit.** The current ITC is limited to combined heat and power projects. The definition of this credit should be expanded to include waste heat to power, which could provide another 10 GW of clean power in the United States.

- **Apply the credit towards a project's first 25 megawatts, rather than the first 15 megawatts, and remove the cap limiting the credit to projects under 50 megawatts.** The current caps have hindered the deployment of industrial energy efficiency technologies for large energy users.

- **Extend the credit for two years, to the end of 2018.** These projects take several years to develop. Certainty in the market is key to our industry, so we need to have these changes in place for a few years to make a big impact.

Our companies endorse the POWER Act, which will make American manufacturing more competitive and create new business opportunities and jobs. Please consider co-sponsoring this important legislation.

Sincerely,

Name

Company

City, State

Brief description of your company's work and list of other cities and/or states where you have projects or facilities involved in CHP/ WHP
