APPLICATION OF TARIFF

This tariff contains the regulations and rates applicable to the furnishing of resold interexchange long distance service services by Enhanced Communications Group, L.L.C. between locations within the State of Ohio. This tariff is not applicable to local calls which will be processed by the serving local exchange carrier.

The rates and regulations contained in this tariff apply only to the services furnished by Enhanced Communications Group, L.L.C., and do not apply, unless otherwise specified, to the lines, facilities or services provided by a local exchange telephone company or other common carrier for use in accessing the services of Enhanced Communications Group, L.L.C.

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper-right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper-right corner of the sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, 4th Revised Sheet 14 cancels 3rd Revised Sheet 14.
- C. Paragraph Numbering Sequence - There are various levels of alphanumeric paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a)
- D. Check Sheets - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current sheet on file with the Commission.

2.7.2 Maintenance, Testing, and Adjustment

Upon reasonable notice, any equipment provided by Carrier shall be made available for such tests and adjustments as may be necessary to maintain them in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.7.3 Deposits

The Company may require a customer who has a proven history of late payment or whose financial ability is not a matter of record to make a deposit to be held as guarantee for payment of charges. Deposits shall not exceed two times the estimated or actual average monthly usage charges.

Deposits will be returned to the customer when service is terminated or when satisfactory credit has been established through one year of prompt payment for services. Upon termination of service, deposits shall be credited to the final bill with any balance being returned to the customer.

2.7.4 Credit Allowance

Credit for failure of service or equipment will be allowed only when failure is caused by or occurs in equipment owned, provided and billed for, by Carrier.

- A. Credit allowances for failure of service or equipment starts when the customer notifies Carrier of the failure or when Carrier becomes aware of the failure and ceases when the operation has been restored and an attempt has been made to notify the customer.
- B. The customer shall notify Carrier of failures of service or equipment and make reasonable attempts to ascertain that the failure is not caused by customer provided facilities, any act, or omission of the customer or in wiring or equipment connected to the terminal.

2.8 Responsibility of Carrier

2.8.3 Fractional Charges

Charges for a fractional part of a month are calculated by counting the number of days in the billing period before service was furnished or discontinued. The number of days in the billing period are divided by thirty days and the resultant fraction is multiplied by the monthly charge to arrive at the fractional monthly charge.

2.8.4 Customer Complaint Procedure

Customers have up to one (1) year after a bill is rendered to initiate a dispute over charges or receive credits for items set forth on the bill. Carrier will resolve any disputes properly brought to its attention in an expeditious and reasonable manner. Any unresolved disputes may be directed to the attention of the Public Utilities Commission of Ohio.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.1 Timing of Calls

The customer's monthly usage charges for Carrier service are based upon the total number of minutes the customer uses and service options subscribed to. Chargeable time begins when the connection is established between the calling station and the called station or PBX. Chargeable time ends when either party hangs up.

There are no charges incurred if a call is not completed.

3.2 Start of Billing

For billing purposes, the start of service is the first day on which service is provided to the customer. The end of service date is the last day of the or any portion thereof that service is provided by Carrier after notice of cancellation by the Customer.

3.3 Interconnection

Service furnished by Carrier may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by Carrier. Service furnished by Carrier is not part of a joint undertaking with any other such carriers. Any special interface equipment of Carrier and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of the other carriers' tariffs. The customer is responsible for taking all necessary legal steps for interconnecting his customer-provided terminal equipment or communications systems with Carrier's. The customer shall secure all necessary licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

3.4 Terminal Equipment

Carrier's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment will be furnished and maintained at the expense of the providing customer, except as otherwise agreed in advance and in writing. The customer is responsible for all costs at their premises, including personnel, wiring, electrical power, and the like incurred in the use of Carrier's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria of the telecommunications industry.

3.5 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The company uses the rate centers and associated vertical and horizontal coordinates that are generally accepted within the telecommunications industry.

Formula:
$$\frac{\sqrt{(V1 - V2)^2 + (H1 - H2)^2}}{10}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% of calls attempted during peak use periods for all Feature Group D (1+) services.

3.7 Special Services

For the purpose of this tariff, a Special Service is deemed to be any service requested by the customer for which there is no prescribed rate in this tariff. Special Services charges will be developed on an individual case basis and filed in this tariff.

3.8 Service Offerings

The Company provides the following services:

3.8.1 Message Toll Service (MTS)

Dialing is achieved by customer's telephone lines being programmed by the local telephone company (LEC) to automatically route 1+ calls to the Company's network or by the customer dialing an access code issued by the Company.

3.8.2 Inbound Service (800/888)

Inbound Service is virtual banded inbound toll service which permits calls to be completed at the subscriber's location without charge to the calling party. Access to the service is gained by dialing a ten digit telephone number which terminates at the customer's location. Inbound services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

Carrier will accept a prospective inbound service customer's request for up to ten (10) telephone numbers and will reserve such number(s) on a first come first serve basis. All requests for number reservations must be made in writing, dated and signed by a responsible representative of the customer. Carrier does not guarantee the availability of number(s) until assigned. The inbound services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer.

If a customer who has received a number does not subscribe to inbound service within 90 days, the company reserves the right to make the assigned number available for use by another customer.

3.8.3 Travel Card Service

Allows subscribers to place calls by gaining access to the network via an 800 number and personal identification number (PIN) number issued by the Company.

3.8.4 Directory Assistance

Directory assistance is the provision of listed telephone numbers to requesting customers. The company will provide directory assistance services at a per call charge in accordance with the rules set forth by the Commission.

SECTION 4 - RATES AND CHARGES

4.1. Usage Charges and Billing Increments

4.1.1 Usage Charges

Unless flat rated, usage charges are determined by the time of day rate periods and minutes of use within each rate period. The rate period is determined by the time and day of call origination at the customer's location.

4.1.2 Billing Increments

Unless otherwise stated, usage is billed in an initial thirty (30) second duration and in six (6) second increments thereafter. Partial usage will be rounded up to the next highest six second interval.

4.1.3 Call Rounding

All calls are rounded to the next highest billing interval. Total charge for a fraction of a cent will be rounded to the next highest whole cent.

4.1.4 Minimum Usage Charge

Residential customers will be charged a minimum usage fee of \$4.95 per month if their monthly outbound long distance usage is below \$10.00, excluding taxes and fees.

4.2 Special Promotions

Carrier may from time to time offer special promotions to customers upon prior Commission approval of such promotion.
