Introduction

Ohio Energy Data Report is published quarterly by the Public Utilities Commission of Ohio (PUCO) to provide readers with current statistics and information about the production, consumption, and price of energy in Ohio. The publication encompasses data from four energy sectors, two that are regulated by the PUCO (electricity and natural gas) and two that are not (petroleum and coal).

The publication date of this edition of *Ohio Energy Data Report* is approximately four months after the calendar quarter for which the information is reported. The sources of the data presented in this report are presented in Appendices A and B of the report.

To receive future editions of this publication, please subscribe the Ohio Energy Data Report list service. To subscribe to the list service, send an e-mail message to listserv@lists.puc.state.oh.us with a blank subject line. In the body of the message, type the following message:
