

Public Utilities Commission of Ohio

Title VI Program Compliance Plan

Policy Statement

This document shall serve as the official Title VI Compliance Plan (Plan) for the Public Utilities Commission of Ohio (PUCO or Commission). As such, the Commission affirms that it will comply with 49 CFR Part 21 and 49 CFR Part 303 and take all necessary steps to carry out those provisions.

The Title VI program coordinator for the Commission is designated by the director of human resources and has responsibility for the coordination and implementation of the Commission's Title VI program (Title VI program or program) as outlined in this Plan. The Title VI Program coordinator serves as the primary point of contact for questions, concerns, and/or complaints related to the program and has the full support and cooperation of all Commission departments and employees, especially those personnel responsible for interacting with members of the public, in order to effectively implement and administer the program.

In addition to the requirements enumerated in the Plan, other applicable provisions may be required by The United States Department of Transportation (DOT) Standard Title VI/Non-Discrimination Assurances, DOT Order No. 1050.2A (Attachment A), which is incorporated and becomes part of the Plan.

Notification to Beneficiaries/Participants

To ensure public knowledge of the Commission’s Title VI program, dissemination of programmatic information will occur primarily through the Commission’s dedicated web page that describes the Commission’s Title VI program. This page, contains a clear statement that reads: “The PUCO operates without regard to race, color, national origin, sex, age, disability, income-level or limited English proficiency (LEP)” Furthermore, the page also provides basic information about the Title VI program and the complaint process, including instructions on how to file a complaint, both electronically or by printing and mailing a paper form, if an individual believes a violation has occurred. Additionally, contact information for those wishing to obtain additional information about the Title VI program is provided

In addition to the Commission’s Title VI web page, a separate written brochure has been produced and is maintained for dissemination to the public. Like the Commission’s Title VI web page, the brochure describes the Commission’s Title VI program, and provides a statement that: “The PUCO operates without regard to race, color, national origin, sex, age, disability, income-level or limited English proficiency (LEP).” The brochure also provides basic information about the Title VI program and the complaint process, and includes instructions on how to file a complaint if an individual believes a violation has occurred. The brochure will be made available upon request, is available at the offices of the Commission, and will be used at events and meetings to inform the public about the Commission’s Title VI program.

Those seeking information about the program will first be directed to the Title VI web page. However, for those who do not have internet access, or prefer a paper copy, the Commission will provide a physical copy of its brochure at no cost.

Members of the public wishing to file a complaint shall be directed to the PUCO website where they can complete and submit an online complaint form. For those who do not have internet access, or prefer to file a complaint in written form, a paper copy of the PUCO's paper complaint form, along with instructions on how to complete and return it, will be provided free of charge to any individual making a request. A phone number to contact the PUCO to request a copy of the form is provided in the Title VI brochure, on the Title VI web page, and in outreach materials maintained by the PUCO for the Title VI program.

Sub-Recipient Compliance Reports

Pursuant to state law, there is only one eligible sub-grantee for Ohio and it is the Ohio Department of Public Safety (ODPS).

The ODPS is already required to have a Title VI program for other federal grants and, as such, is required to adhere to the same requirements outlined in this Plan. The Commission will request that the ODPS annually provide a copy of its plan highlighting any changes and/or updates and make available information and data tied to filed complaints, responses, and/or corrective actions that have been implemented. The ODPS will be responsible for all activities related to the implementation and enforcement of its Title VI plan including but not limited to complaint tracking, investigations, notifications, training and follow-up actions.

The Commission will conduct an annual Title VI program review of the sub-recipient and request documentation related to requirements under the Title VI program from the prior year. A checklist of documents that must be provided as a part of the review will be used to track and document the components needed to ensure compliance. At a minimum, the list of required documents will include: a signed Title VI Program Assurance, a copy of its current Title VI program plan; a report containing a list of all complaints filed; the status and result of each complaint; and any discipline/corrective action/programmatic changes that have occurred. Based upon this list, if corrective actions were required, the sub-grantee will be asked to document any plans to ensure future compliance.

Training

All Commission staff whose official work duties carryout the four grant programs with the FMCSA and receive reimbursement for their work from FMCSA will receive annual Title VI compliance training by the human resources department, legal department, or other appropriate staff. At a minimum, such training consists of the provision of a copy of the PUCO Title VI Program Compliance Plan and signed Standard Title VI Nondiscrimination Assurance document.

Access to Records

All records relating to the Commission's Title VI program will be available to the FMCSA for review upon written request sent to the Title VI program coordinator. Such a request will include documents required for compliance reviews and/or complaint investigations conducted by the FMCSA.

Complaint Disposition Process

The following steps will constitute the Commission's Title VI Program Complaint Process: All complaints must be provided in writing either through an online or paper complaint form. The Commission only has jurisdiction to receive complaints or investigate Title VI Program matters involving staff involved in the operations of the four grant programs with the FMCSA who receive reimbursement for their work from FMCSA, and is not responsible for the Title VI Program complaints of sub recipients, subcontractors, or other individuals not directly employed by the Commission.

1. When received, complaints will be date/time stamped, assigned an identification number, and a file will be created;
2. Information regarding each complaint will be maintained separately and tracked via an electronic complaint log (Excel spreadsheet) by the Title VI program coordinator;
3. Complaints will be monitored by the Title VI program coordinator;
4. The Title VI program coordinator will assign a person to conduct an investigation;
5. The investigation will be held and a report detailing the nature of the complaint, findings, and recommendations will be produced and provided to the Title VI program coordinator;
6. Attached to the investigation will be supporting documents and materials that have been developed as a part of the investigation;
7. The report and associated materials will be reviewed by the Title VI program coordinator who, based on the report and associated materials, will make a recommendation for any necessary action, to the human resources director;
8. The human resources director, in consultation with the chief-of-staff, legal department director, and the director of the department from which the allegation of a violation originates will determine follow-up action, including, but not limited to, the following:
 - a. Discipline
 - b. Training
 - c. Dismissal
 - d. Referral for further prosecution
 - e. No Further Action
9. If necessary, based upon the final determination of a complaint and any associated recommendations, a monitoring plan will be developed by the Title VI program coordinator to ensure follow-up action is completed in a timely, effective manner.
10. If disciplinary actions are warranted, based upon a final determination of a complaint, the Title VI program coordinator, human resources director, and director of the department involved will work with the chief of staff, legal department director, and appropriate supervisors to carry out the recommended discipline.
11. If future prosecution is determined to be necessary, based upon the final determination of a complaint, the Title VI program coordinator will work with the legal department director, Ohio Attorney General's Office, chief-of-staff, department director(s) whose department(s) are involved, and the appropriate supervisors to follow the proper steps to refer the complaint to the correct legal authority, and provide all relevant documentation and files associated with the complaint.

12. Depending upon the result of the complaint, the Title VI program coordinator will track each of the actions taken throughout the pendency of the complaint in the tracking spreadsheet. Once a complaint has been resolved, the Title VI program coordinator will notify the complainant of all actions taken and that the complaint has been closed. Such notice will also inform the complainant of any appeal rights afforded to him or her.

The PUCO maintains a Title VI Program Complaint Log that includes at a minimum the following information: name of complainant, identification by demography (i.e., race, color, national origin, etc.), allegation(s), complaint date, date of Report of Investigation, determination made and date. The PUCO will make the complaint log available to the FMCSA upon request.

Status of Corrective Actions

No Federal Agency has conducted a Title VI Program compliance review of the PUCO to date. If a Title VI Program compliance review is conducted by the government of the United States and, as a result, the Commission is directed to address deficiencies, all necessary corrective actions to ensure compliance will be undertaken. The Commission will cooperate with the FMCSA Office of Civil Rights (OCR), or any other applicable federal agency responsible for the review, and communicate on a regular basis with the FMCSA OCR, or other applicable federal agency, regarding the progress on any corrective actions. Such communications will provide timelines for completion of work as well as any problems that may negatively impact such efforts.

Community Participation Process

This section of the Plan is not applicable to the PUCO as it does not provide motorist licensure/motor vehicle registration-related services/activities (including knowledge tests, skills tests, etc.).

Contractors

In the case where the PUCO sub-contracts work to another entity, the Commission will ensure that any request for proposal/solicitation for bid, contract, or agreement with a contractor contain the necessary provisions required in Appendix A and E attached to this plan. Any contractor hired to perform work on behalf of the commission will be responsible for all activities related to the implementation and enforcement of a Title VI compliant plan including but not limited to complaint tracking, investigations, notifications, training, and follow-up actions. Any agreement entered into between the PUCO and a contractor will contain specific language requiring the contractor to ensure that any sub-contractor used to perform work under the provisions of the agreement with the Commission shall do so only if they comply with the same terms, conditions, obligations, and requirements contained in the agreement between the PUCO and the Contractor related to the Title VI Program.

APPENDIX A

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the FMCSA to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the FMCSA, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the nondiscrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the FMCSA may determine to be appropriate, including, but not limited to:

The contractor will take action with respect to any subcontract or procurement as the Recipient or the FMCSA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

The preceding statutory and regulatory cites hereinafter are referred to as the “Acts” and “Regulations,” respectively.

Although not applicable to Recipients directly, there are certain Executive Orders and relevant guidance that direct action by Federal agencies regarding their federally assisted programs and activities to which compliance is required by Recipients to ensure Federal agencies carry out their responsibilities. Executive Order 12898, 3 C.F.R. 859 (1995), entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” emphasizes that Federal agencies should use existing laws to achieve Environmental Justice, in particular Title VI, to ensure nondiscrimination against minority populations. Recipients should be aware that certain Title VI matters raise Environmental Justice concerns and FMCSA intends that all Recipients evaluate and revise existing procedures (as appropriate) to address and implement Environmental Justice considerations. See the following FHWA website for more information and facts about Environmental Justice: <http://www.fhwa.dot.gov/environment/ejustice/facts/index.htm>;

Additionally, Executive Order 13166, 3 C.F.R. 289 (2001) on Limited English Proficiency, according to the U.S. Department of Justice in its Policy Guidance Document dated August 16, 2000 (65 Fed. Reg. at 50123), clarifies the responsibilities associated with the “*application of Title VI’s prohibition on national origin discrimination when information is provided only in English to persons with limited English proficiency.*” When receiving Federal funds Recipients are expected to conduct a Four-Factor Analysis to prevent discrimination based on National Origin. (See also U.S. DOT’s “*Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient (LEP) Persons,*” dated December 14, 2005, (70 Fed. Reg. at 74087 to 74100); the Guidance is a useful resource when performing a Four-Factor Analysis).

General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

“No person in the United States shall, on the grounds of race, color, national origin, sex, age, disability, low-income, or LEP be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from DOT, including the FMCSA.”

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other nondiscrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973) by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally-assisted.

Specific Assurances

More specifically, and without limiting the above General Assurances, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted **FMCSA Program**:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations;
2. 3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations;
4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient;

 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
